

Henry Schein Practice Solutions Teams Up with Axia Technologies, LLC (AxiaMed) to Offer Dentrix® Enterprise Customers a Fully Integrated Payment Solution

March 27, 2017

Integration of Henry Schein and AxiaMed's Software to Help Enhance Revenue Cycle Management (RCM)

MELVILLE, N.Y., March 27, 2017 – Henry Schein Practice Solutions, the U.S. practice solutions business of Henry Schein, Inc. (Nasdaq: HSIC), announced today that it has teamed up with Axia Technologies, LLC (AxiaMed), provider of integrated health care payments technology for health care IT companies, to streamline dental practice workflows and simplify the collection of patient payments. AxiaMed will provide Henry Schein's Dentrix® Enterprise with an integrated payment solution for making payment transactions between patients and practices more convenient, seamless and less time-consuming.

"Dental organizations need technology that improves patient service, while making the office more efficient and less complex," said Kevin Bunker, President, Henry Schein North American Dental Practice Solutions. "By teaming up with AxiaMed to offer an integrated payment solution for Dentrix Enterprise customers, we will make processing credit card payments much easier and more accurate for our joint users, and ensure that customers with multisite practices can rely on Dentrix Enterprise for centralized practice management."

AxiaMed processes credit card payments, refunds and voids directly in Dentrix Enterprise, provides detailed transaction reporting, and eliminates double posting and manual errors because payments are automatically posted to the ledger in Dentrix Enterprise. As a result of these benefits, dental practices have an integrated method to process patient payments.

"As an integrated provider, AxiaMed is dedicated to providing dental organizations with the most up-to-date payment technology that is flexible and secure. Henry Schein Practice Solutions shares that vision and is eager to work together to help dental practices streamline their patient payments with cloud-based solutions, while leveraging the combined expertise of our companies," said Kevin Kidd, President, AxiaMed.
