The 234-page catalog, available for viewing by clicking [here](#), features in-depth product information on joint surgery, trauma implants and external fixation, as well as orthopedic, power and general instrumentation. In addition, practitioners can learn about the latest procedures through the catalog's special educational features, step-by-step procedure guides and case examples submitted by orthopedic surgeons from around the world. Practitioners will also find links in the catalog to online videos of various procedures.

"We are delighted to introduce our very first orthopedic catalog and offer our customers access to the latest advances in general and orthopedic specific products," said Kim Allen, President, Commercial Division, Henry Schein Animal Health. "In addition to the vast array of products, the catalog provides an overview of a full range of value added-services available to help our customers provide excellent patient care and enhance practice efficiency."

The catalog includes information about the latest technology solutions and support offered through Henry Schein Animal Health, including practice management software solutions, such as Advantage+™, Avimark®, ImproMed™, Triple Crown® and Infinity™; and, inventory management systems such as Intelligent Inventory® with Closed-Loop Ordering.

For those looking to expand the capacity of their practice, the catalog contains useful information about financial services such as credit card processing; equipment, practice and patient financing; as well as Equipment Repair and Office Design services. Information can also be found about MyVetDirect.com, Henry Schein Animal Health's online platform for veterinarians offering home delivery of products directly to clients.
