

Henry Schein Completes Acquisition Of Arseus Businesses

February 10, 2014

Further Strengthens European Dental, Dental Laboratory, and Technology Presence

MELVILLE, N.Y., Feb. 10, 2014 /PRNewswire/ -- Henry Schein, Inc. (NASDAQ: HSC), the world's largest provider of health care products and services to office-based dental, animal health and medical practitioners, today announced that it has completed the acquisition of four distributors serving dentists and dental laboratories in France, the Netherlands and Belgium from Arseus NV (EBR: RCUS). The transaction with Arseus also included a French dental practice management software company, the acquisition of which had closed at the time this transaction was first announced on January 6, 2014.

Together the five acquired companies represent annual sales of approximately \$97 million (€70 million) and include the following:

- Logiciel Julie, the leading dental practice management software company in France with more than 8,000 installed systems.
- Arseus Lab, a leading distributor of specialist products to dental laboratories in Benelux and France, complementing the advancement of Henry Schein's global dental laboratory distribution business.
- Arcade Dentaire, a leading distributor of dental equipment, related consumables and IT solutions serving practitioners in Western France.
- Arseus Dental Solutions BV, a leading distributor of dental equipment, related consumables and IT solutions to dental practices and universities in the Netherlands.
- Arseus Dental Solutions NV, a leading distributor of dental equipment, related consumables and IT solutions to dental practices and universities in Belgium.

"At Henry Schein we are proud of our position as the only Pan-European value-added distributor serving dental offices and dental laboratories, and are delighted to strengthen our presence across the European Continent with these five leading businesses," said Stanley M. Bergman, Chairman of the Board and Chief Executive Officer of Henry Schein. "Each operates in attractive markets with good growth prospects, and together they bring to Henry Schein nearly 230 new Team Schein Members including industry leaders, accomplished sales consultants and top software engineers."

About Arseus

Arseus is a R&D scientific company delivering innovative solutions and concepts to professionals and institutions in the healthcare sector in 30 countries worldwide. Arseus is subdivided into three divisions: Fagron is global market leader in pharmaceutical compounding. Corilus develops and supplies unique integrated ICT solutions with substantial added value to medical specialists and is market leader in Belgium, France and the Netherlands. The Belgian company Arseus NV is located in Waregem, and is listed on NYSE Euronext Brussels and NYSE Euronext Amsterdam. The operational activities of the Arseus group are driven by the Dutch company Arseus BV. The head office of Arseus BV is located in Rotterdam.

Cautionary Note Regarding Forward-Looking Statements

In accordance with the "Safe Harbor" provisions of the Private Securities Litigation Reform Act of 1995, we provide the following cautionary remarks regarding important factors that, among others, could cause future results to differ materially from the forward-looking statements, expectations and assumptions expressed or implied herein. All forward-looking statements made by us are subject to risks and uncertainties and are not guarantees of future performance. These forward-looking statements involve known and unknown risks, uncertainties and other factors that may cause our actual results, performance and achievements or industry results to be materially different from any future results, performance or achievements expressed or implied by such forward-looking statements. These statements are identified by the use of such terms as "may," "could," "expect," "intend," "believe," "plan," "estimate," "forecast," "project," "anticipate" or other comparable terms. A full discussion of our operations and financial condition, including factors that may affect our business and future prospects, is contained in documents we have filed with the SEC and will be contained in all subsequent periodic filings we make with the SEC. These documents identify in detail important risk factors that could cause our actual performance to differ materially from current expectations.

Risk factors and uncertainties that could cause actual results to differ materially from current and historical results include, but are not limited to: effects

of a highly competitive market; our dependence on third parties for the manufacture and supply of our products; our dependence upon sales personnel, customers, suppliers and manufacturers; our dependence on our senior management; fluctuations in quarterly earnings; risks from expansion of customer purchasing power and multi-tiered costing structures; possible increases in the cost of shipping our products or other service issues with our third-party shippers; general global macro-economic conditions; disruptions in financial markets; possible volatility of the market price of our common stock; changes in the health care industry; implementation of health care laws; failure to comply with regulatory requirements and data privacy laws; risks associated with our global operations; transitional challenges associated with acquisitions and joint ventures, including the failure to achieve anticipated synergies; financial risks associated with acquisitions and joint ventures; litigation risks; the dependence on our continued product development, technical support and successful marketing in the technology segment; risks from rapid technological change; risks from disruption to our information systems; certain provisions in our governing documents that may discourage third-party acquisitions of us; and changes in tax legislation. The order in which these factors appear should not be construed to indicate their relative importance or priority.

We caution that these factors may not be exhaustive and that many of these factors are beyond our ability to control or predict. Accordingly, any forward-looking statements contained herein should not be relied upon as a prediction of actual results. We undertake no duty and have no obligation to update forward-looking statements.
