## REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Participants and Administrator of the  
Henry Schein, Inc. 401(k) Savings Plan  
Melville, NY

We have audited the accompanying statements of net assets available for benefits of the Henry Schein, Inc. 401(k) Savings Plan (the "Plan") as of December 31, 2010 and 2009, and the related statement of changes in net assets available for benefits for the year ended December 31, 2010. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. The Plan is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. Our audits included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2010 and 2009, and the changes in net assets available for benefits for the year ended December 31, 2010, in conformity with accounting principles generally accepted in the United States of America.

Our audits were performed for the purpose of forming opinions on the basic financial statements taken as a whole. The accompanying supplemental schedule of assets (held at end of year) as of December 31, 2010, is presented for the purpose of additional analysis and is not a required part of the basic financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. This supplemental schedule is the responsibility of the Plan's management. The supplemental schedule has been subjected to the auditing procedures applied in the audits of the basic financial statements and, in our opinion, is fairly stated, in all material respects, in relation to the basic financial statements taken as a whole.

## HENRY SCHEIN, INC. 401(k) SAVINGS PLAN

### NOTES TO FINANCIAL STATEMENTS

#### Note 1 – Description of Plan

The following description of the Henry Schein, Inc. 401(k) Savings Plan (the “Plan”) provides only general information. Participants should refer to the Plan document or Summary Plan Description for a more complete description of the Plan’s provisions.

##### *(a) Nature of Operations*

The Plan is a contributory defined contribution 401(k) plan originally effective January 1, 1970. The Plan was amended effective December 26, 1993, to include an Internal Revenue Code Section 401(k) feature. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). The third-party administrator is Fidelity Investments Institutional Operations Company, Inc., (the “Administrator”). The Plan trustee is Fidelity Management Trust Company (the “Trustee”). Eligible employees are those employed by Henry Schein, Inc. (the “Plan Sponsor” or the “Company”) and certain of the Company’s affiliates (collectively, the “Employer”).

All employees (other than temporary employees) are eligible to make salary reduction contributions to the Plan upon hire and become eligible to be credited with Profit Sharing Contributions and the Employer Match (each as described below) upon completion of a one year period of service. Temporary employees are eligible to make salary reduction contributions to the Plan and to be credited with Profit Sharing Contributions and the Employer Match on the first July 1 or January 1 following the completion of a twelve consecutive month period during which the temporary employee is credited with at least one thousand hours of service.

During the 2010 Plan year, the Caligor 401(k) Plan and the Becker Parkin Dental Supply Co. Inc. 401(k) Savings Plan were merged into the Plan. During the 2010 Plan year, the assets and liabilities of the accounts of members currently or formerly employed by Henry Schein Puerto Rico, Inc. were transferred to the Henry Schein Defined Contribution Plan for Puerto Rico.

##### *(b) Contributions*

The Plan provides for a discretionary Employer contribution (the “Profit Sharing Contribution”) of a percentage of a participant’s base compensation, as defined under the Plan. There were no discretionary Profit Sharing Contributions for the years ended December 31, 2010 and 2009.

The Plan allows employees to elect to contribute, through payroll deductions, stated percentages from 1% to 50% of their compensation, as defined under the Plan, not to exceed \$16,500 for 2010 and 2009. The Plan also provides for matching contributions (the “Employer Match”) of 100% of participant 401(k) contributions up to the lesser of 7% or the participant’s deferral percentage, multiplied by the participant’s base compensation, as defined under the Plan. For the 2010 and 2009 Plan years, the Employer Match was allocated 60% to the participant’s matching non-stock contribution account and 40% to the participant’s matching stock contribution account, which was invested exclusively in the shares of Henry Schein, Inc. Excluding the Employer Match invested in the shares of Henry Schein, Inc., for the years prior to January 1, 2011, participants are able to direct the investment of all monies contributed.

**HENRY SCHEIN, INC. 401(k) SAVINGS PLAN****NOTES TO FINANCIAL STATEMENTS – (Continued)****Note 1 – Description of Plan (Continued)**

Participants age 50 or over are permitted to make additional catch-up tax deferred contributions once the participant has reached a limit on those contributions imposed either by the Plan or by law. The extra amount a participant may contribute may not exceed \$5,500 in years 2010 and 2009.

*(c) Participants' Accounts*

Each participant's account is credited with the participant's salary reduction contributions and the Employer contributions and an allocation of net Plan earnings. Participants may direct the investment of their account balances into various investment options by the Plan. As of December 31, 2010, the Plan offered twenty mutual funds and a money market account as investment options for participants. Beginning January 1, 2011, participants have the option to direct all or a portion of their account balances to common shares of Henry Schein, Inc.

*(d) Vesting*

Participants are immediately vested in their 401(k) contributions plus actual earnings thereon. Vesting in the Profit Sharing Contribution and the Employer Match, plus actual earnings thereon, is based on years of continuous service.

For all participants, a participant's Profit Sharing Contribution and Employer Match Contributions made after January 1, 2002, are vested on a graded scale as follows:

<b>Vesting</b>	<b>Vested percentage</b>
Less than 2 years	0%
2 but less than 3 years	20%
3 but less than 4 years	40%
4 but less than 5 years	60%
5 or more years	100%

*(e) Notes Receivable from Participants*

Participants may borrow up to a maximum of the lesser of \$50,000 or 50% of their vested account balance from their accounts pursuant to rules set forth in the Plan document. The minimum amount that may be borrowed is \$1,000 and only two loans may be made in any calendar year, and no more than two loans may be outstanding at any time. The loans are secured by the balance in the participants' accounts and bear interest at prevailing rates. The loans must be for a term of five years or less (ten years if the loan is for the purpose of purchasing a principal residence). Principal and interest are paid ratably through payroll deductions.

**HENRY SCHEIN, INC. 401(k) SAVINGS PLAN**

**NOTES TO FINANCIAL STATEMENTS – (Continued)**

**Note 1 – Description of Plan (Continued)**

If an employee is terminated and has an outstanding loan balance at the time of termination, the employee will be permitted to repay any outstanding loans directly to the Trustee. The employee may also rollover any outstanding loans, as part of a rollover of the terminated employee's entire vested account balance to certain other retirement plans in which the terminated employee participates. Notes receivable from participants are valued at the aggregate of the unpaid principal balance and accrued but unpaid interest.

*(f) Payment of Benefits*

The Plan provides that, upon termination of service, retirement, disability or death of the participant, a benefit equal to the vested, nonforfeitable portion of the participant's account is distributed as outlined in the Plan. Participants may also receive hardship distributions based on criteria as described in the Plan document.

*(g) Administrative Expenses*

All reasonable costs, charges and expenses incurred in connection with the administration of the Plan may be paid by the Plan Sponsor but, if not paid by the Plan Sponsor when due, shall be paid from Plan assets and corporate assets. For the years ended December 31, 2010, the Plan Sponsor has used Plan assets from forfeited accounts in the amount of \$50,461, to pay costs associated with the Plan. Amounts reflected in the statements of changes in net assets available for benefits reflect various participant directed expenses which have been deducted from the respective participant accounts.

*(h) Forfeitures*

Forfeited invested accounts totaled \$72,174 and \$179,594 at December 31, 2010 and 2009, respectively, and are included primarily in the Fidelity Retirement Money Market account and the Henry Schein, Inc. Common Stock account in the statements of net assets available for benefits. Forfeiture allocations are used to reduce the Employer Match and offset administrative expenses of the Plan. Forfeitures in the amount of \$163,621 will be used to offset Employer contributions for the years ended December 31, 2010.

**HENRY SCHEIN, INC. 401(k) SAVINGS PLAN**

**NOTES TO FINANCIAL STATEMENTS – (Continued)**

**Note 2 – Summary of Significant Accounting Policies**

*Basis of Accounting*

The financial statements of the Plan are prepared under the accrual method of accounting.

*Use of Estimates*

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

*Investment Valuation and Income Recognition*

Investments are stated at fair value based upon quoted market prices, except for participant loans, which are stated at cost plus accrued interest, which approximates their fair value. Gains and losses on investment transactions are recognized when realized based on trade dates. Net appreciation in fair value of investments includes realized and unrealized appreciation. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

*Risk and Uncertainties*

The Plan utilizes various investment instruments which are exposed to various risks, such as interest rate, credit and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements. The Plan's investments are not insured or protected by the Plan's Trustee, the Pension Benefit Guaranty Corporation, or any other governmental agency; accordingly, the Plan is subject to the normal investment risks associated with money market funds, mutual funds, stocks, bonds, and other similar types of investments.

During and subsequent to the year ended December 31, 2010, the on-going credit and liquidity crisis in the United States and throughout the global financial system triggered significant events and substantial volatility in world financial markets and the banking system that have had a significant negative impact on foreign and domestic financial markets. Since the values of the Plan's individual investments have and will fluctuate in response to changing market conditions, the amount of losses that will be recognized in subsequent periods, if any, cannot be determined.

*Payment of Benefits*

Benefits are recorded when paid.

**HENRY SCHEIN, INC. 401(k) SAVINGS PLAN**

**NOTES TO FINANCIAL STATEMENTS – (Continued)**

**Note 2 – Summary of Significant Accounting Policies (Continued)**

*New Accounting Standards*

In May 2011, the Financial Accounting Standards Board (“FASB”) issued Accounting Standards Update (“ASU”) 2011-04, “Amendments to Achieve Common Fair Value Measurement and Disclosure Requirements in U.S. GAAP and International Financial Reporting Standards (IFRS) of Fair Value Measurement – Topic 820.” ASU 2011-04 is intended to provide a consistent definition of fair value and improve the comparability of fair value measurements presented and disclosed in financial statements prepared in accordance with U.S. GAAP and IFRS. The amendments include those that clarify the FASB’s intent about the application of existing fair value measurement and disclosure requirements, as well as those that change a particular principle or requirement for measuring fair value or for disclosing information about fair value measurements. The update is effective for annual periods beginning after December 15, 2011. Plan management is currently evaluating the impact of adoption of ASU 2011-04 on the Plan’s financial statement.

In September 2010, the FASB issued ASU 2010-25, “Reporting Loans to Participants by Defined Contribution Plans.” ASU 2010-25 requires that participant loans be classified as notes receivables from participants and measured at their unpaid principal balance plus any accrued but unpaid interest. Previously, such loans were reported as a plan investment. The retrospective adoption of ASU 2010-25 did not have a material impact on the Plan’s financial statements.

**Note 3 – Tax Status**

The Internal Revenue Service has determined and informed the Company by a letter dated June 1, 2005, that the Plan and related trust are designed in accordance with the applicable sections of the Internal Revenue Code (“IRC”). The Plan has been amended since receiving the determination letter and was submitted to the IRS for an updated determination letter on January 28, 2011. The Plan Administrator believes that the Plan is currently being operated in compliance with the applicable requirements of the IRC. The related trust, therefore, is not subject to tax under present income tax law. Accordingly, no provision for income taxes has been included in the Plan’s financial statements.

The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2010, there are no uncertain positions taken, or expected to be taken, that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

**HENRY SCHEIN, INC. 401(k) SAVINGS PLAN****NOTES TO FINANCIAL STATEMENTS – (Continued)****Note 4 – Investments**

**Note 5 – Fair Value Measurements**

ASC 820 defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. ASC 820 establishes a fair value hierarchy that distinguishes between (1) market participant assumptions developed based on market data obtained from independent sources (observable inputs) and (2) an entity's own assumptions about market participant assumptions developed based on the best information available in the circumstances (unobservable inputs).

The fair value hierarchy consists of three broad levels, which gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under ASC 820 are described as follows:

- Level 1 - Unadjusted quoted prices in active markets for identical assets or liabilities that are accessible at the measurement date.
- Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly. Level 2 inputs include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in markets that are not active; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means.
- Level 3 - Inputs that are unobservable for the asset or liability.

**HENRY SCHEIN, INC. 401(k) SAVINGS PLAN****NOTES TO FINANCIAL STATEMENTS – (Continued)****Note 5 – Fair Value Measurements (Continued)**

The following section describes the valuation methodologies that were used to measure different financial instruments at fair value, including an indication of the level in the fair value hierarchy in which each instrument is classified:

*Money Market Accounts*

Funds held in money market accounts are classified as Level 1 within the fair value hierarchy based upon unadjusted quoted prices in active markets for identical assets or liabilities that were accessible at December 31, 2010 and 2009.

*Mutual Funds*

Mutual funds are valued at the net asset value of shares held by the Plan as of December 31, 2010 and 2009. As of December 31, 2010 and 2009, the Company has classified its mutual fund holdings as Level 1 within the fair value hierarchy based upon unadjusted quoted prices in active markets for identical assets or liabilities that were accessible at December 31, 2010 and 2009.

*Common Stock*

Common stock of Henry Schein, Inc. is valued at the closing price on December 31, 2010 and 2009. As of December 31, 2010 and 2009, the Company has classified its Henry Schein, Inc. Common Stock as Level 1 within the fair value hierarchy based upon unadjusted quoted prices in active markets for identical assets or liabilities that were accessible at December 31, 2010 and 2009.

The following tables present the Company's investments that are measured and recognized at fair value on a recurring basis classified under the appropriate level of the fair value hierarchy as of December 31, 2010 and 2009:
